Singapore,

REPORT ON THE FINANCIAL STATEMENT

We have audited the accompanying financial statements of Metta Welfare Association (the "Association") set out on pages 9.4 to 9.26, which comprise the balance sheet of the Association as at 31 March 2016, and the statement of financial activities and statement of cash flows of the Association for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Societies Act (Chapter 311), Charities Act (Chapter 37) and Charities Accounting Standard, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition, that transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Association are properly drawn up in accordance with the provisions of the Societies Act (Chapter 311), Charities Act (Chapter 37) and Charities Accounting Standard so as to give a true and fair view of the financial position of the Association as at 31 March 2016, and of the financial activities and cash flows of the Association for the financial year ended on that date.

Report on Other Legal and Regulatory Requirements

In our opinion,

- (a) the accounting and other records required by the Societies Regulation under the Act to be kept by the Association have been properly kept in accordance with the provisions of those Regulations; and
- (b) the fund raising appeals conducted by the Association during the year ended 31 March 2016 have been carried out in accordance with Regulation 6 of the Societies Regulations issued under the Act and proper accounts and other records have been kept of the fund raising appeals.

During the course of our audit, nothing has come to our attention that caused us to believe that during the year:

- (a) the use of the donation moneys was not in accordance with the objectives of the Association as required under Regulation 11 of the Charities (Institutions of a Public Character) Regulations; and
- (b) the Association has not complied with the requirements of Regulation 15 (Fund-raising expenses) of the Charities (Institutions of a Public Character) Regulations.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2016

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General information

Metta Welfare Association (“the Association”) operates in the Republic of Singapore. Its registered office and principal place of activities is located at 32, Simei Street 1, Metta Building, Singapore 529950.

The Association is dedicated to the active promotion of humanitarian causes. The Association’s objectives are to provide special education, welfare services, community and medical care to the intellectually disabled, elderly and terminally ill in the community, regardless of race and religion.

The Association is registered as a charity organisation under Charities Act, Chapter 37 on 9 March 1995 and has been accorded an Institution of a Public Character (“IPC”) status for the period from 2 May 2013 to 1 May 2016.

The Association is composed of nine (9) welfare centres as follows:

1. Metta Home for the Disabled
2. Metta Home Day Activity Centre
3. Metta Day Activity Centre for the Intellectually Disabled
4. Metta Day Rehabilitation Centre for the Elderly
5. Metta Hospice Care Centre
6. Metta Preschool @Simei
7. Metta Preschool @Punggol
8. Metta Alumni Care
9. Metta Home Nursing

2. Significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with Charities Accounting Standard (“CAS”) and the disclosure requirements of the Societies Act (Chapter 311) and Charities Act (Chapter 37). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

These financial statements are presented in Singapore Dollar (S\$), which is the Association’s functional currency.

The preparation of these financial statements in conformity with CAS requires management to exercise its judgement in the process of applying the Association’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

2.2 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the services rendered in the ordinary course of the Association's activities. Revenue is recognised as follows:

- 2.2.1 Donations are recognised in the statement of financial activities upon receipt. Donations subject to donor-imposed conditions that specify the time period in which the expenditure can take place are accounted for as deferred income and recognised as a liability until the financial period in which the Centre is allowed by the condition to expend the income.
- Donations-in-kind are recognised when the fair value of the assets received can be reasonably ascertained.
- 2.2.2 Government grants are recognised at their fair value where there is reasonable assurance that the grants will be received and all related conditions will be complied with.
- 2.2.3 Revenue from rendering of services is recognised when the services have been performed and rendered.
- 2.2.4 Management fees are allocated costs comprised of: general management; human resource and administration; finance costs; and IT costs which are allocated among the welfare centres on a basis determined by the Executive Management Committee.
- 2.2.5 Interest income on bank current accounts and fixed deposits placed with banks are recognised on a time-proportion basis using the effective interest method.
- 2.2.6 Other income is recognised when received.

2.3 Expenditure recognition

All expenditure are accounted for on accrual basis, aggregated under the respective areas. Direct costs are attributed to the activity where possible. Where costs are not wholly attributable to an activity, they are apportioned on a basis consistent with the use of resources.

- 2.3.1 Cost of generating funds from fund-raising activities
- Costs that are directly attributable to the fund-raising activities are separated from those costs incurred in undertaking charitable activities.
- 2.3.2 Cost of charitable activities
- Cost of charitable activities comprises all costs incurred in the pursuit of the charitable objects of the Association. The total costs of charitable expenditure are apportionment of overhead and shared costs.
- 2.3.3 Governance and administrative costs
- Governance costs include the costs of governance arrangement, which relate to the general running of the Association, providing governance infrastructure and ensuring public accountability. These costs include costs related to constitutional and statutory requirements and an apportionment of overhead and shared costs.

2.4 Property, plant and equipment

2.4.1 Measurement

All property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation.

The cost of an item of property, plant and equipment includes its purchase price and any costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by Management.

2.4.2 Depreciation

Depreciation on property, plant and equipment except renovation in progress is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives. The estimated useful lives are as follows:

	Useful lives
Aircon	5 years
Alarm and security system	5 years
Arts and music equipment	5 years
Building	50 years
Computer	3 years
Electrical and fittings	5 years
Furniture and equipment	5 years
Kitchen equipment	5 years
Laundry equipment	5 years
Motor vehicles	5 years
Physio / Medical equipment	5 years
Renovation	7 - 15 years

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The residual values and useful lives of property, plant and equipment are reviewed, and adjusted as appropriate, at each reporting date. The effects of any revision of the residual values and useful lives are included in the statement of financial activities for the financial year in which the changes arise.

2.4.3 Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that have already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Association and the cost of the item can be measured reliably. Other subsequent expenditure is recognised as repair and maintenance expenses in the statement of financial activities during the financial year in which it is incurred.

2.4.4 Disposal

On disposal of an item of property, plant and equipment, the difference between the net disposals proceeds and its carrying amount is taken to the statement of financial activities.

2.5 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost includes all costs of purchase and other cost incurred in bringing the inventories to their present location and condition. Cost is determined using the first-in, first-out basis. Net realisable value is the estimated selling price in the ordinary course of business less selling expenses.

2.6 Cash and cash equivalents

Cash and cash equivalents include cash on hand, and deposits with financial institutions, which are subject to an insignificant risk of change in value. Cash and cash equivalents are carried at cost.

2.7 Financial assets

2.7.1 Recognition and measurement

Trade and other receivables, excluding prepayments, are initially recognised at their transaction price, excluding transaction costs, if any. Transaction costs shall be recognised as expenditure in the statement of financial activities as incurred. Prepayments are initially recognised at the amount paid in advance for the economic resources expected to be received in the future.

Investments in financial assets are investments in debt or equity instruments, which are recognised when it becomes a party to the contractual provisions of the instrument. These are initially measured at the transaction price excluding transaction costs, if any, which shall be recognised as expenditure immediately in the Statement of Financial Activities.

They are included in non-current assets unless management intends to dispose of the assets within twelve months after the balance sheet date.

Trade and other receivables and investments in financial assets are subsequently measured at cost less accumulated impairment losses.

2.7.2 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Association has transferred substantially all risks and rewards of ownership.

2.7.3 Impairment

The Association assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired.

An allowance for impairment of financial assets is recognised when there is objective evidence that the Association will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments is considered indicators that the receivable is impaired. The amount of the allowance is the difference between the asset's carrying amount and the undiscounted future cash flows that the Association expects to receive. The amount of the allowance for impairment is recognised in the statement of financial activities within "Governance and administrative costs".

Subsequently, if the amount of an impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the Association shall reverse the previously recognised impairment loss. The reversal shall not result in any carrying amount of the financial asset (net of any allowance account) that exceeds what the carrying amount would have been had the impairment not previously been recognised. The amount of reversal is recognised in the statement of financial activities.

2.8 Financial liabilities

Financial liabilities are recognised when the Association becomes a party to the contractual agreements of the instrument and are classified according to the substance of the contractual arrangements entered into. All interest related charges are recognised in the statement of financial activities. Financial liabilities include "Trade and other payables".

Financial liabilities are derecognised when the obligations under the liability are discharged, cancelled or expire. When existing financial liabilities are replaced by another from the same lender on substantially different terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the statement of financial activities.

2.9 Trade and other payables

Trade and other payables, excluding accruals, are recognised at their transaction price, excluding transaction costs, if any, both at initial recognition and at subsequent measurement. Transaction costs shall be recognised as expenditure in the statement of financial activities as incurred. Accruals are recognised at the best estimate of the amount payable.

2.10 Provisions for other liabilities and charges

Provisions for other liabilities and charges are recognised when the Association has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

2.11 Funds

Fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes, if any, by action of the Executive Management Committee. Externally restricted funds may only be utilised in accordance with the purposes for which they are established. The Executive Management Committee retains full control over the use of unrestricted funds for any of the Association's purposes.

2.12 Leases

Leases of assets in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are taken to the statement of financial activities on a straight-line basis over the period of the lease. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

Rental on operating lease is charged to statement of financial activities. Contingent rents are recognised as an expense in the statement of financial activities in the financial year in which they are incurred.

2.13 Employee compensation

2.13.1 Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Association pays fixed contributions into separate entities such as the Central Provident Fund ("CPF"), on a mandatory, contractual or voluntary basis. The Association has no further payment obligations once the contributions have been paid. The Association's contribution to defined contribution plans are recognised as employee compensation expense when they are due.

2.13.2 Employee compensation

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

2.14 Currency translation

Transactions denominated in a currency other than Singapore Dollar ("foreign currency") are translated into Singapore Dollar using the exchange rates prevailing at the dates of the transactions. Currency translation gains and losses resulting from the settlement of such transactions and from the translation at the closing rate at the reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of financial activities.

2.15 Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Association if that person:
 - (i) Has control or joint control over the Association;
 - (ii) Has significant influence over the Association; or
 - (iii) Is a member of the key management personnel of the Association or of a parent of the Association;
- (b) An entity is related to the Association if any of the following conditions applies:
 - (i) The entity and the Association are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others;
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;

 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity)

3. Critical accounting estimates, assumptions and judgments

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical accounting estimates and assumptions

The Association makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

3.1.1 Estimated useful lives of property, plant and equipment

The Association reviews annually the estimated useful lives of property, plant and equipment based on factors such as operating plans and strategies, expected level of usage and future technological developments. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned.

3.2 Critical judgments in applying the entity's accounting policies

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

3.2.1 Allowance for impairment of receivables

The Association reviews the adequacy of allowance for impairment of receivables at each closing by reference to the ageing analysis of receivables, and evaluates the risks of collection according to the credit standing and collection history of individual client. If there are indications that the financial position of a client has deteriorated resulting in an adverse assessment of his risk profile, an appropriate amount of allowance will be provided.

4. Cash and cash equivalents

9. Funds

9.1 Unrestricted funds

9.1.1 General fund

Prior to the adoption of CAS, grants received for the purchase of depreciable assets were taken to deferred capital grant accounts. The deferred grants were recognised in the statement of financial activities over the years necessary to match the depreciation of property, plant and equipment to which the grants relate.

With the adoption of CAS, the balance of deferred capital grant was recognised as General Reserves. This note shows the amount of deferred capital grant that was included in the General Reserves.
